BSL Brammer for bearings, 'O' rings, Loctite, Grease, Tools and a multitude of products on a cash sale / post basis at a special **Y Register** net price.

Just ask for **Steve** and mention the **MG Y Register**, he'll do the rest.

Product	SKF Retail List Price	Y Register Discount	Y Register Price
6304-2Z :SKF (6304ZZ 25mm shaft size - Radial Ball Bearing, double metal shielded)	£41.33	82.0%	£7.44 + vat
6304-2RSH :SKF (63042RS 20mm shaft size - Radial Ball Bearing, double rubber sealed)	£46.68	82.0%	£8.40 + vat
6305-2Z :SKF (6305ZZ 25mm shaft size - Radial Ball Bearing, double metal shielded)	£51.72	82.0%	£9.31 + vat
6305-2RS1 :SKF (63052RS 25mm shaft size - Radial Ball Bearing, double rubber sealed)	£58.48	82.0%	£10.53 + vat

- **The ZZ metal shielded option retains the lubricant and prevents grit & dust entering the bearing, eliminating the need for an O Ring**
- **The 2RS sealed option retains the lubricant and prevents grit, dust & liquids entering the bearing, again eliminating the need for an O Ring.**
 - **Note, the sealed option has marginally lower speed ratings than that of the shielded but the relatively wheel speed is such that this is not an issue ... it only becomes a concern when high speed equipment & machinery are involved.**

The above bearings are all in SKF manufacture ... lower cost brands are available should it be necessary
